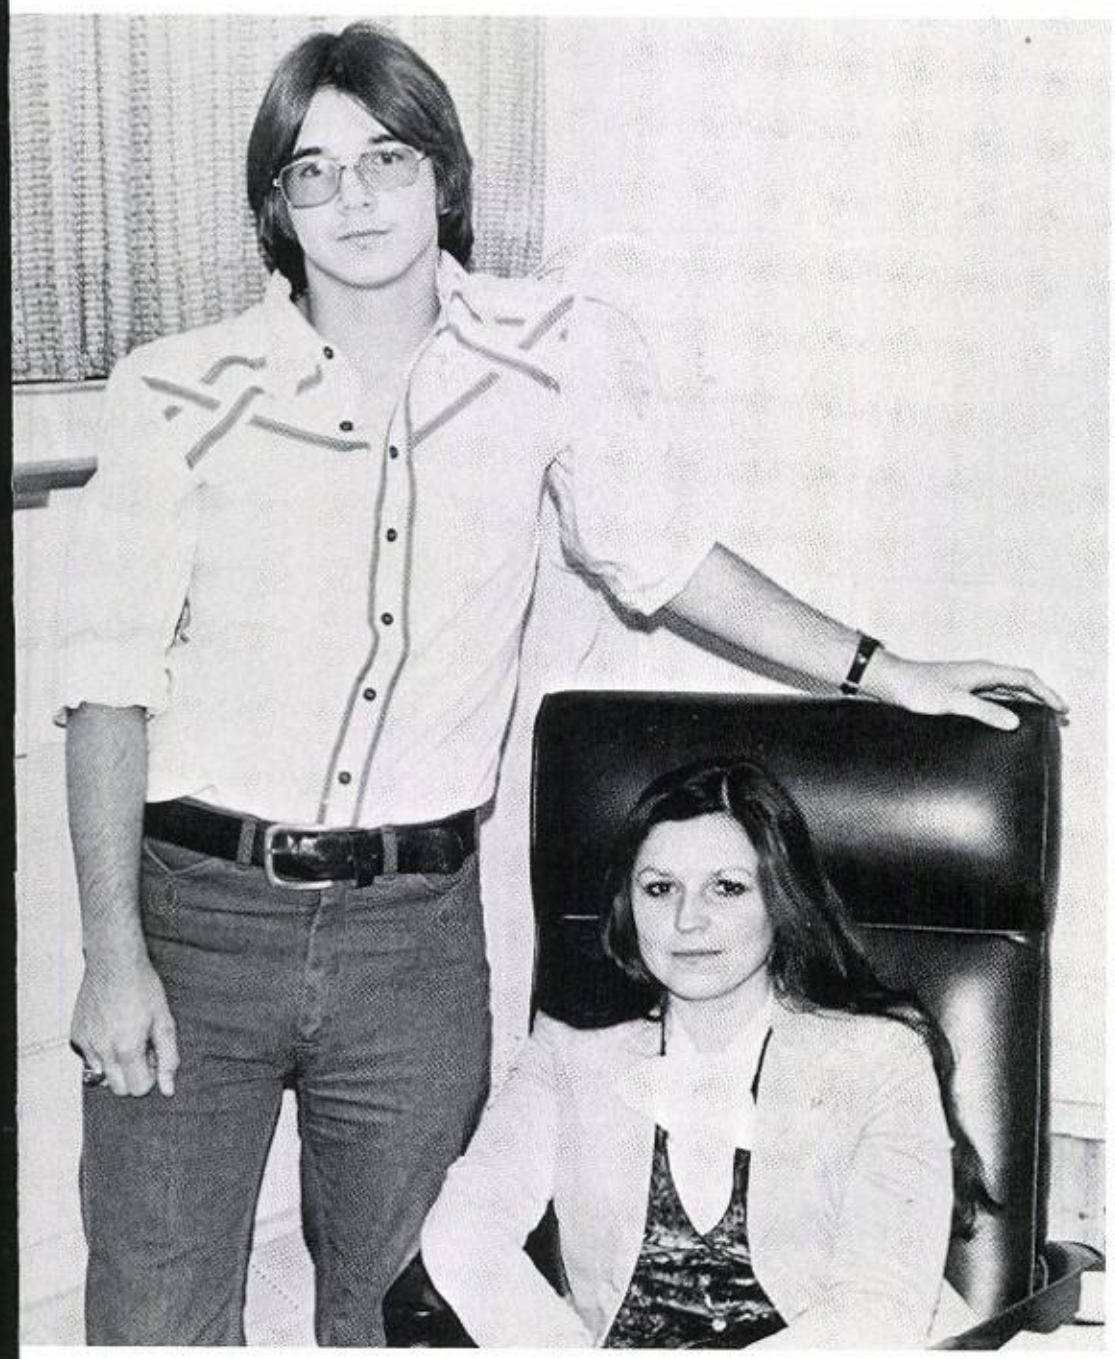
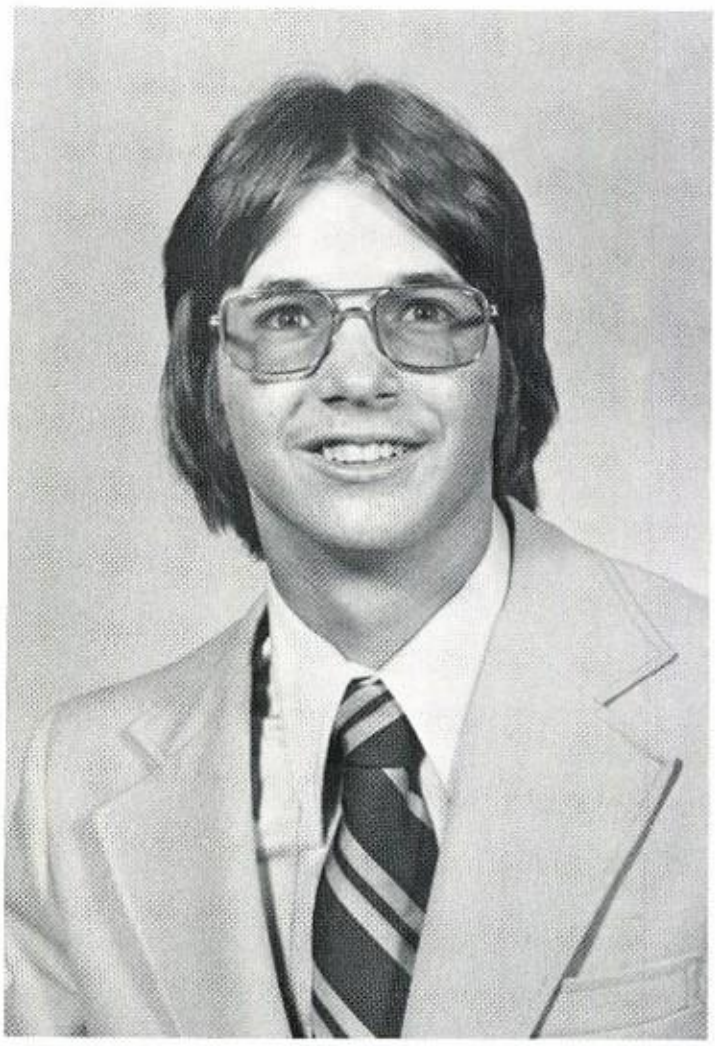
Gray Dean, Star Student, Selects Ms. McKenzie as Star Teacher

Gray Dean became MCA's Star Student based on his score on the SAT. Seniors who are planning to attend college take the SAT, a college entrance examination. Gray won the award because he made the highest score on the test among the seniors at MCA.



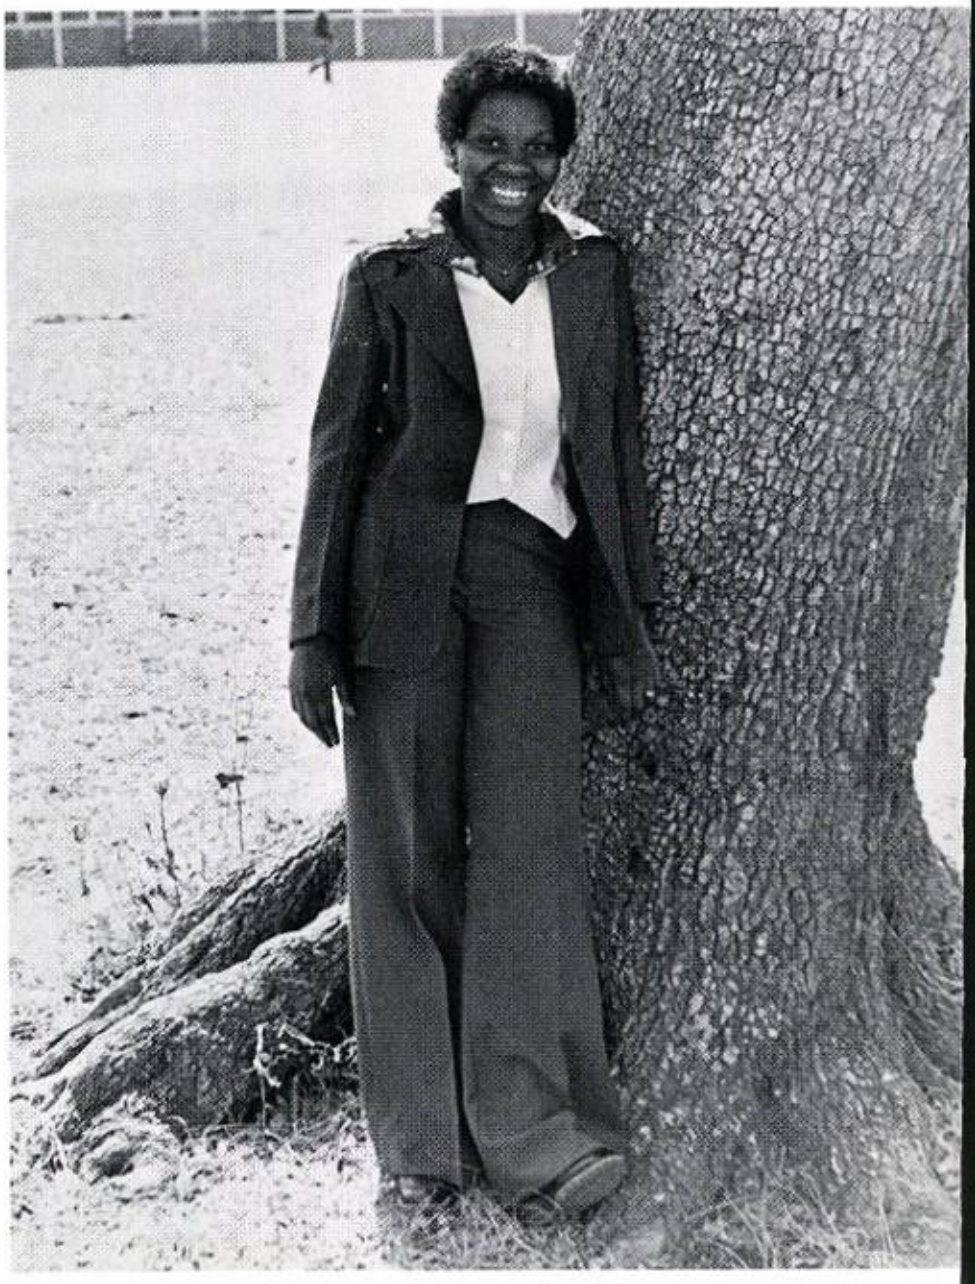


Greaseman Selects Mary Alice Forsyth as Miss Buccaneer

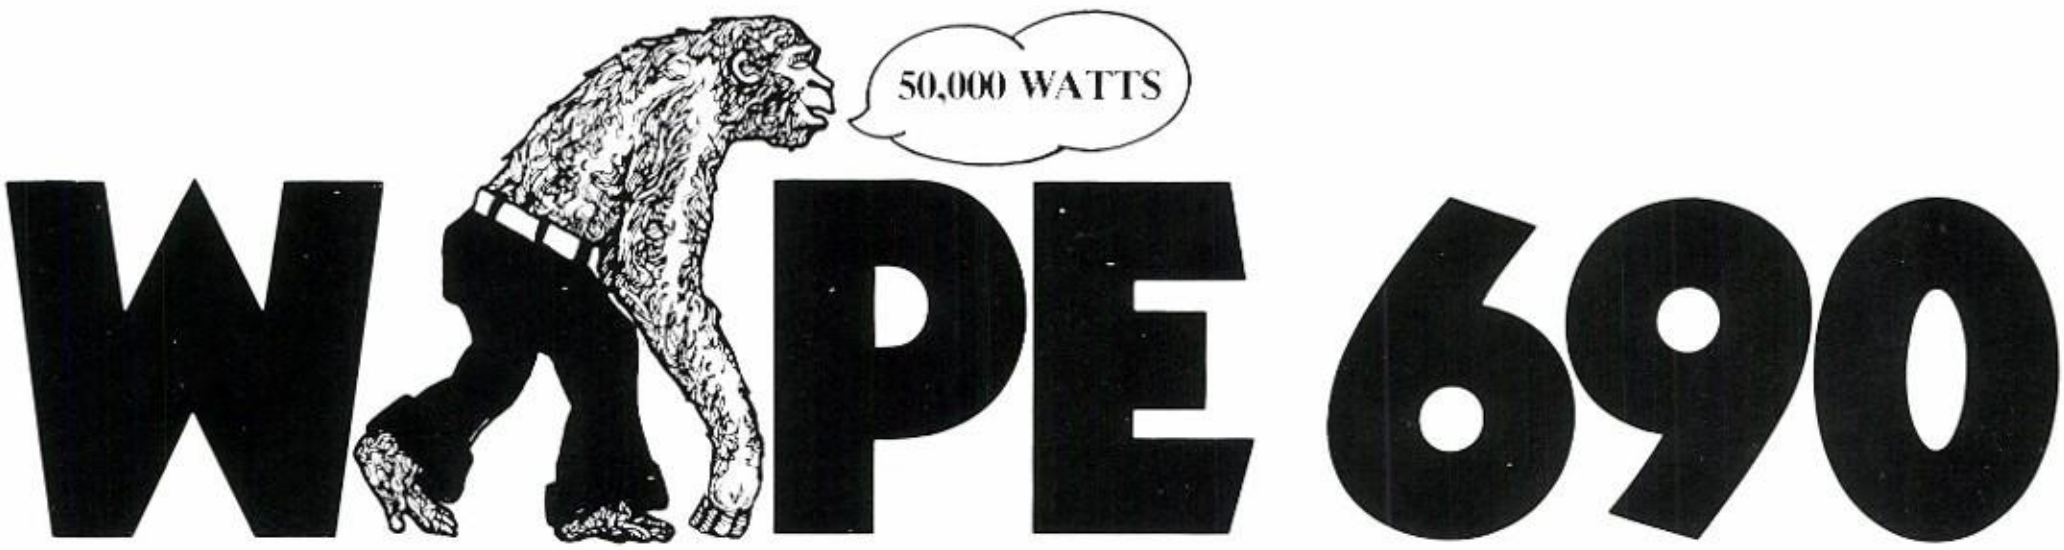
Mary Alice Forsyth

Patricia Williams

Sandra McIver



THE BUCCANEER decided to start a tradition by having a "gentleman in show business" to choose a lovely young lady from the senior class as Miss Buccaneer. By telephone, the Greaseman said he was honored and thrilled to choose Mary Alice Forsyth as the winner, Pat Williams as first runner-up, and Sandra McIver as second runner-up.



To the class of 1979,

I sure am honored that you asked me to be a part of the Buccaneer. It's extra nice since I never did graduate from high school. There was a blank spot in my yearbook where my picture should have been. I look at the empty space and wimper. They didn't print my picture because on the day the photographer came to take our pictures I had broccoli stuck between my teeth.(totally unsavory)

As you venture forth into this veil of tears, remember to embrace life fully, and dare to be different. A turtle only moves forward by sticking out his neck. Who ever would've thought back when I was slop feedin pigs that one day I would own a psycodelic searsucker! My best wishes for your success, and those of you that are going on to college be carefull that you don't turn into a hippeye. Never forget these words, first coined by my latin ancester many years ago: "You are never old, until your dreams are replaced by regrets.", homo lubricatus, 15B.C.

Well, that's all for now, I cut my finger on a beer can last night and all this typing is startin to hurt. Could you send me a copy of the Buccaneer so I could send it to my mother? She'd be proud. Plus, it would be handy next time they have a toilet paper shortage. I told her as long as she don't use the page with my name on it, it's O.K.

ENERGY CONSERVATION

We're UNION CAMP-Savannah look at us this way...

Look at us as a company that produces more than half of its own energy. We're doing it by making use of wood by-products that might otherwise be wasted. By burning bark and the wood residue in spent process chemicals to produce steam and electricity, we are minimizing use of fossil fuel. And unlike fossil fuels - wood is a renewable resource.

Union Camp has long used by-products to produce energy. Since the early seventies we put an even higher priority on conservation. As a result, since 1972, we've reduced consumption of purchased fossil fuel more than 30% per ton of paper produced.

Union Camp Growing in more ways than one .

U. S. NAVY

In the Navy, a job means more than just a good paycheck.

It means the adventure of seeing places like Greece, Spain, Hawaii and Hong Kong. It means becoming an expert on exciting technical equipment in our submarines, on our jets, and in our ships. It means doing a job that really counts, with people who count on you to do it.

The Navy can give you training in more than 60 career fields. Talk it over with your Navy recruiter. He'll be able to tell you what you can qualify for in the Navy:

First and foremost, I would like to thank whoever had a part in selecting me as the editor of the 1979 BUCCANEER. Although it has been a laborious experience, it has been an enriching one. Throughout my life I will cherish being editor of my senior annual.

My appreciation goes to the faculty amd student body for purchasing "Photographs and Memories." I hope you will continue to sponsor the annual in the future.

Our perpetual photographer, Jay Barrow, and illustrious business manager, Charles Roberts, deserve a special card of esteem. Sincere appreciation goes to Mr. Yarbrough for his artwork, to Mr. Jack Orman and Mr. Bill Bradley for their assistance with the photography, and to Mrs. Gale for her help and cooperation in the library. The staff has been outstanding this year with all of their drive, persistence, and excellent work. Our advisor, Ms. Wilson, has really outdone herself this year. Not only has she kept herself going, but also, she has kept enthusiasm and zeal in the members of the yearbook staff. She, who built our "Photographs and Memories" one page at a time, knew that repeated attempts complete any undertaking.

The yearbook business has been hard and dedicated work. However, I feel I have battled the obstacles at my feet and kept my eyes on the goals above my head. Somehow, I knew that the 1979 BUCCANEER yearbook staff retained the feeling that where dry desert ends, green grass grows.

Tam,

I hope that your future will always be bright and happy. I know that the whole gang of us are crazy, but we were meant to be that way. I hope that we'll all be able to have good times in a "spot" of our own. Thanks for the many times you've cheered me up and helped me out. You know I appreciated all of it. I pray that life's worst hardships will pass you by and that you'll always be happy. Keep up the craziness, 'cause I know I will. Maybe one day everyone on "the bus" will be able to get together for some more good times. Keep Smilin'!
